Payment

To lose someone you love can be a devastating experience. It is quite often traumatic and can seriously impact judgement. We believe in the importance of honouring and remembering the life that has been lived and will do our best to meet your needs at this difficult time with kindness, caring and respect for the family and the loved one who has passed on.

Funerals can be costly, and we want to make sure that we can be of assistance to suit any budget. We do not want a family to spend more than they would like or can afford. In some cases, your loved one may be eligible for social assistance to help pay for funeral and burial/cremation costs.

Unless otherwise discussed, payment is due at the time of signing the contract. Payment can be made by cash, cheque, Debit Card, VISA or Mastercard.

Prepayment

We offer two (2) funding options when prearranging services and supplies. When prepaying, you pay for the services and supplies today and the money will be used for services and supplies when they are needed at the time of death. Monies paid are not deposited into the Funeral Home account, they are held by an Insurance Company or Trust Company, where they will accrue interest until they are needed.

Additional information about payment and funding options is available upon request.
